

TILT360
FIRST CERTIFICATION WORKSHOP IN EUROPE
with Pam Boney, PCC, CTC, Founder & Chief Executive Officer of Tilt Inc.

Programme accredited by ICF for 16.5 CCEU credits

Arona, Italy
March 4 and 5, 2010
9:30 – 17:00

Tilt 360 Leadership Predictor™ Certification

An in depth and experiential learning approach designed for experienced coaches, consultants and HR professionals. Some familiarity with 360 assessments desired but not required.

How is the Tilt 360 different from all other 360 assessments?

Tilt is personality trait-based and assesses balancing polarities in Leadership Presence, essentially, the psychological impact of the leader's presence on the outcomes. Specific outcomes that are a result of improving results on Tilt are: Higher trust, more innovation and creativity, more collaboration and less political agendas and posturing. The goal of the instrument is to produce a very powerful leadership presence that gets results.

What you get out of this programme ?

- Certification class for the Tilt360 Leadership Predictor
- This full version class includes **two full days** of working with the tool and is our most thorough class for learning the model
- Once certified, you will be able to use three assessments for Leadership Development:
 - The Tilt 360 Leadership Predictor
 - The Tilt360 Team Climate Predictor
 - The Tilt 180 Mentor Survey
- As a Tilt360 certified coach or trainer you can assess executives within organizations as well as individual clients..
